DETAILED ACTION

Allowable Subject Matter

1. Claims 1-23 is allowed.

The following is an examiner's statement of reasons for allowance:

The cited prior art does not disclose nor suggest a force transducer for transducing the mechanical force applied to the control surface interface to a representative electrical signal, the force transducer having first and second portions and being operably interconnected at the first portion to the first mechanical link and operably interconnected at the second portion to the second mechanical link and the interconnections to the first and second portions being independent of the second pivot..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
